Agenda

➤ **Data Quality and Monitoring Plan**

Discussion of the proposed Data Quality and Monitoring Plan. Highlights include: data elements that will be monitored, level of completeness and accuracy for data entered into HMIS. The CoC Lead will award additional points on the annual CoC application for full compliance of the new plan. A lower ranking on the CoC annual application could result in defunding of a program.

The proposed Data Quality Plan was voted on and passed.

➤ **HMIS of Akron/Summit County Security Plan**

➤ **Results of Monitoring Visits**

Fred will be sending out the results of the monitoring visit to the agencies.
