

Before Starting the CoC Application

The CoC Consolidated Application consists of three parts, the CoC Application, the CoC Priority Listing, and all the CoC's project applications that were either approved and ranked, or rejected. All three must be submitted for the CoC Consolidated Application to be considered complete.

The Collaborative Applicant is responsible for reviewing the following:

1. The FY 2018 CoC Program Competition Notice of Funding Available (NOFA) for specific application and program requirements.
2. The FY 2018 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.
6. Questions marked with an asterisk (*), which are mandatory and require a response.

1A. Continuum of Care (CoC) Identification

Instructions:

For guidance on completing this application, please reference the FY 2018 CoC Application Detailed Instructions and the FY 2018 CoC Program Competition NOFA. Please submit technical questions to the HUD Exchange Ask A Question.

1A-1. CoC Name and Number: OH-506 - Akron, Barberton/Summit County CoC

1A-2. Collaborative Applicant Name: City of Akron

1A-3. CoC Designation: CA

1A-4. HMIS Lead: United Way

1B. Continuum of Care (CoC) Engagement

Instructions:

For guidance on completing this application, please reference the FY 2018 CoC Application Detailed Instructions and the FY 2018 CoC Program Competition NOFA. Please submit technical questions to the HUD Exchange Ask A Question.

1B-1. CoC Meeting Participants. For the period from May 1, 2017 to April 30, 2018, using the list below, applicant must: (1) select organizations and persons that participate in CoC meetings; and (2) indicate whether the organizations and persons vote, including selecting CoC Board members.

| Organization/Person Categories | Participates in CoC Meetings | Votes, including selecting CoC Board Members |
|--|------------------------------|--|
| Local Government Staff/Officials | Yes | Yes |
| CDBG/HOME/ESG Entitlement Jurisdiction | Yes | Yes |
| Law Enforcement | Yes | Yes |
| Local Jail(s) | Yes | Yes |
| Hospital(s) | No | No |
| EMS/Crisis Response Team(s) | Yes | Yes |
| Mental Health Service Organizations | Yes | Yes |
| Substance Abuse Service Organizations | Yes | Yes |
| Affordable Housing Developer(s) | Yes | Yes |
| Disability Service Organizations | Yes | Yes |
| Disability Advocates | Yes | Yes |
| Public Housing Authorities | Yes | Yes |
| CoC Funded Youth Homeless Organizations | Yes | Yes |
| Non-CoC Funded Youth Homeless Organizations | Yes | Yes |
| Youth Advocates | Yes | Yes |
| School Administrators/Homeless Liaisons | Yes | Yes |
| CoC Funded Victim Service Providers | Yes | Yes |
| Non-CoC Funded Victim Service Providers | Yes | Yes |
| Domestic Violence Advocates | Yes | Yes |
| Street Outreach Team(s) | Yes | Yes |
| Lesbian, Gay, Bisexual, Transgender (LGBT) Advocates | Yes | Yes |
| LGBT Service Organizations | Yes | Yes |
| Agencies that serve survivors of human trafficking | Yes | Yes |
| Other homeless subpopulation advocates | Yes | Yes |
| Homeless or Formerly Homeless Persons | Yes | Yes |
| Mental Illness Advocates | Yes | Yes |
| Substance Abuse Advocates | Yes | Yes |

| | | |
|-----------------------------|-----|----|
| Other:(limit 50 characters) | | |
| Tent Encampments | Yes | No |
| | | |
| | | |

1B-1a. Applicants must describe the specific strategy the CoC uses to solicit and consider opinions from organizations and/or persons that have an interest in preventing or ending homelessness. (limit 2,000 characters)

The CoC considers a full range of opinions from a diverse group of stakeholders when soliciting organizations/individuals to serve/participate on committees, subcommittees or work groups. Over 30 organizations/individuals such as homeless providers, government agencies, faith-based organizations, private citizens and those who have experienced homelessness participate in one or more of our ongoing meetings, to ensure we collect qualitative input regarding preventing and ending homelessness. New members are solicited through outreach and engagement, including publicly posting our meeting schedule on the CoC website, our CoC Listserv, and the CoC community meetings held semi-annually. The CoC continues to create work groups to improve and address our community needs. Our newly formed Youth Advisory Board; gives youth with lived experience a formal voice in the CoC. Our chronically homeless by-name list workgroup allows us to work with encampments to engage those hardest to serve and find housing solutions in real time.

1B-2.Open Invitation for New Members. Applicants must describe:

- (1) the invitation process;**
 - (2) how the CoC communicates the invitation process to solicit new members;**
 - (3) how often the CoC solicits new members; and**
 - (4) any special outreach the CoC conducted to ensure persons experiencing homelessness or formerly homeless persons are encouraged to join the CoC.**
- (limit 2,000 characters)**

The CoC community meets semi-annually to examine CoC membership and invite new organizations/individuals to join. An open invitation is posted on our website for new members to join and a monthly email is disseminated to a broad array of stakeholders active in the CoC. Current CoC members attend other local housing meetings and invite non CoC members to attend meetings. Non CoC members who inquire about CoC membership are referred to the CoC Manager and provided additional information. Agencies in the CoC are committed to employing formerly homeless participants in their programs. In doing so, they are able to receive input on what improvements should be made to better serve the homeless population. PATH and street outreach teams actively engage homeless individuals on a regular basis, to utilize their knowledge and assess the needs of our currently homeless community.

1B-3.Public Notification for Proposals from Organizations Not Previously

Funded. Applicants must describe how the CoC notified the public that it will accept and consider proposals from organizations that have not previously received CoC Program funding, even if the CoC is not applying for new projects in FY 2018, and the response must include the date(s) the CoC publicly announced it was open to proposals. (limit 2,000 characters)

The CoC steering committee agreed the 2018 CoC priority is new PH projects that serve, CH, youth and, individuals/families. On 04/30/18 the CoC placed a notice on the website for all interested parties to apply for new and renewal projects. In addition, an invitation to apply for CoC funding was issued to all organizations/individuals on the CoC listserve. All renewal projects were reviewed by the CoC ranking and review committee, and new project applicants presented to the committee on 7/10/18. On 8/8/18 the committee sent an acceptance/rejection letter to all applicants. The committee provides constructive advice on methods to improve rejected project applications and then refer applicants to the CoC technical assistance committee. A variety of factors including local priority of ending homelessness, agency experience, sustainability, previous experience in administering federal grants, project readiness and capacity are fully reviewed when considering new project applications.

1C. Continuum of Care (CoC) Coordination

Instructions:

For guidance on completing this application, please reference the FY 2018 CoC Application Detailed Instructions and the FY 2018 CoC Program Competition NOFA. Please submit technical questions to the HUD Exchange Ask A Question.

1C-1. CoCs Coordination, Planning, and Operation of Projects. Applicants must use the chart below to identify the federal, state, local, private, and other organizations that serve individuals, families, unaccompanied youth, persons who are fleeing domestic violence who are experiencing homelessness, or those at risk of homelessness that are included in the CoCs coordination, planning, and operation of projects.

| Entities or Organizations the CoC coordinates planning and operation of projects | Coordinates with Planning and Operation of Projects |
|---|---|
| Housing Opportunities for Persons with AIDS (HOPWA) | Yes |
| Temporary Assistance for Needy Families (TANF) | Yes |
| Runaway and Homeless Youth (RHY) | Yes |
| Head Start Program | Yes |
| Funding Collaboratives | Yes |
| Private Foundations | Yes |
| Housing and services programs funded through U.S. Department of Justice (DOJ) Funded Housing and Service Programs | Yes |
| Housing and services programs funded through U.S. Health and Human Services (HHS) Funded Housing and Service Programs | Yes |
| Housing and service programs funded through other Federal resources | Yes |
| Housing and services programs funded through State Government | Yes |
| Housing and services programs funded through Local Government | Yes |
| Housing and service programs funded through private entities, including foundations | Yes |
| Other:(limit 50 characters) | |
| Akron Public Schools - Project Rise | Yes |
| | |

1C-2. CoC Consultation with ESG Program Recipients. Applicants must describe how the CoC:

- (1) consulted with ESG Program recipients in planning and allocating ESG funds; and**
 - (2) participated in the evaluating and reporting performance of ESG Program recipients and subrecipients.**
- (limit 2,000 characters)**

The CoC has active Board members who also receive ESG funding. These CoC members/ESG recipients are required to attend all CoC Board meetings where we discuss and approve the planning and allocation of ESG funding. As part of reporting and performance evaluation process, the CoC shares HIC, PIT,

AHAR, ESG CAPER, and APR data, and the ESG Program HMIS Certification Letter. CoC and the ESG recipients meet to review data from these sources in the planning and allocation of ESG funds. The CoC has provided HMIS data to the CoC Consolidated Plan jurisdictions including Akron, Barberton, Cuyahoga Falls, and Summit County. Anytime data is requested from one of the members in our Consolidated Plan jurisdictions, the CoC provides it to them immediately. The participating jurisdictions work with the CoC to use data and ensure the goals to end homelessness are mutually agreed upon.

1C-2a. Providing PIT and HIC Data to Consolidated Plan Jurisdictions. Did the CoC provide Point-in-Time (PIT) and Housing Inventory Count (HIC) data to the Consolidated Plan jurisdictions within its geographic area? Yes to both

1C-2b. Providing Other Data to Consolidated Plan Jurisdictions. Did the CoC provide local homelessness information other than PIT and HIC data to the jurisdiction(s) Consolidated Plan(s)? Yes

1C-3. Addressing the Safety Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors. Applicants must describe:

- (1) the CoC’s protocols, including the existence of the CoC’s emergency transfer plan, that prioritizes safety and trauma-informed, victim-centered services to prioritize safety; and**
 - (2) how the CoC maximizes client choice for housing and services while ensuring safety and confidentiality.**
- (limit 2,000 characters)**

Battered Women’s Shelter (BWS) as a CoC member is responsible for responding to the housing and supportive service needs of domestic violence victims and their families not only through the direct client services of BWS, but also collaboratively with all partner agencies of the CoC as an emergency domestic violence service provider. BWS abides by a trauma-informed care model, ensuring that victim choice and confidentiality is always maintained while also abiding by the Housing First model in relation to housing services. The integration of Trauma-informed and Housing First models means that victims receive services that are client-centered, meeting them where they are at in their trauma recovery, while maintaining the utmost autonomy, confidentiality, and safety. DV victims may enter the local homeless system through self-identifying at centralized intake or through direct contact with the domestic violence shelter. BWS is able to provide emergency shelter to a large volume of clients through its 154 bed facility. All referrals from the community and partner agencies are funneled through the domestic violence hot line to ensure that personal identifying information is carefully transferred for the sake of maximizing client safety and confidentiality. BWS provides housing solutions outside of immediate shelter for survivors by assessing their unique needs and triaging a variety of housing services that include RRH and Prevention,

Retention, and Contingency programming. Both shelter and PH programming through BWS implement evidence based practices, trauma-informed care, and housing first models to prioritize the safety of clients and address their individual barriers. Direct providers of these services receive ongoing training that focuses on these models of practice and highlights the importance of client autonomy and confidentiality.

1C-3a. Applicants must describe how the CoC coordinates with victim services providers to provide annual training to CoC area projects and Coordinated Entry staff that addresses best practices in serving survivors of domestic violence, dating violence, sexual assault, and stalking. (limit 2,000 characters)

The CoC understands the importance of training and continued education for all services providers and all populations. As an active CoC member the Battered Women’s Shelter (BWS) provides quarterly training or policy and procedure reminders to other CoC members and community partners regarding best practices in serving survivors of domestic violence. These trainings including a forty hour training covering trauma-informed care, history of the domestic violence/sexual assault movement, advocacy 101, risk assessment/safety planning and evidence-based practices for domestic violence services. While this 40 hour training is mandatory of all BWS staff, it is also offered to all community partners and is certified by the Ohio Domestic Violence Network so that participants can file to become Registered Advocates. Trainings and/or reminders often include detailed information regarding trauma-informed care and evidence based practices for providing soft services and triaging domestic violence victims. Trainings provided by BWS are consistent with the policy and procedure protocols for the CoC and assist service providers with ensure that victim safety, confidentiality, and autonomy are maintained to the highest level while clients move through the CoC and to their permanent housing destinations.

1C-3b. Applicants must describe the data the CoC uses to assess the scope of community needs related to domestic violence, dating violence, sexual assault, and stalking, including data from a comparable database. (limit 2,000 characters)

All CoC providers agree on the importance of triaging identified victims of domestic violence and connecting them with services that best meet their immediate and long term safety needs. Thus the CoC continuously works with the Battered Women Shelter (BWS) to evaluated occupancy trends, participation durations, and service type utilization to help determine the community’s needs related to domestic violence, sexual assault, and stalking. At centralized intake, victims of domestic violence that self-identify are immediately referred to BWS for appropriate accommodations and focused services. For data collection and computation, BWS currently utilizes a HMIS comparable database that is popular among domestic violence shelters across the nation. BWS is highly committed to ensuring victim safety and confidentiality in relation to data collection/computation through this HMIS comparable database while also providing the CoC with as high quality and efficacious aggregate data as possible. Additionally, BWS is moving towards hiring a Data Analyst to work closely with the HMIS comparable database to assist with

further improving data quality and ensuring that the database functions continue to meet HUD’s data requirements. Ultimately, the CoC utilizes aggregate data from HMIS and comparable databases to meet HUD’s reporting requirements as well as evaluate the prevalence and trends associated with domestic violence in our community as well as developing strategies regarding shelter bed utilization, RRH, and TH.

**1C-4. DV Bonus Projects. Is your CoC Yes
applying for DV Bonus Projects?**

1C-4a. From the list, applicants must indicate the type(s) of DV Bonus project(s) that project applicants are applying for which the CoC is including in its Priority Listing.

| | |
|-----------------------|-------------------------------------|
| SSO Coordinated Entry | <input type="checkbox"/> |
| RRH | <input checked="" type="checkbox"/> |
| Joint TH/RRH | <input type="checkbox"/> |

1C-4b. Applicants must describe:

- (1) how many domestic violence survivors the CoC is currently serving in the CoC’s geographic area;**
- (2) the data source the CoC used for the calculations; and**
- (3) how the CoC collected the data.**
(limit 2,000 characters)

Through the CoC funded Step III program operated by the Battered Women’s Shelter (BWS), 133 persons were served with rapid re-housing assistance whom were directly impacted by domestic violence in FY17 which is greatly above the Step III operational goals of serving 16 households or 41 individuals during the fiscal year. However, BWS through its domestic violence emergency shelter served 691 individuals with 25,962 bed nights and an additional 5,714 individuals through its various community programs. This annual impact by BWS shows an immense gap in the number of individuals served with DV specific rapid re-housing versus the number of individuals experience domestic violence in the Summit County CoC geographic area. With roughly 19% of individuals receiving rapid rehousing assistance once entering the CoC’s only domestic violence shelter, we firmly believe that there is a remaining need for housing assistance for individuals displaced by their experiences with domestic violence. Data collected for the CoC to be used in its calculations is acquired from central intake in its screening for the occurrence of domestic violence as well as the Battered Women’s Shelter’s own aggregate data which is collected and commutated through its HMIS-comparable based. The comparable database that BWS utilizes is federal recognized and commonly used by Domestic Violence shelters across the United States. BWS is highly committed to participating in Central Intake and taking all referrals for services. BWS will collaboratively provide all programmatic information requested by the OH-506 HMIS administration within the federal regulations as a victim service provider.

1C-4c. Applicants must describe:

- (1) how many domestic violence survivors need housing or services in the CoC’s geographic area;**
 - (2) data source the CoC used for the calculations; and**
 - (3) how the CoC collected the data.**
- (limit 2,000 characters)**

The Battered Women’s Shelter (BWS) is currently the only agency in the CoC geographic area with a specific focus on serving victims of domestic violence. Due to federal mandates related to serving victims of domestic violence, Battered Women’s Shelter does not currently participate in the OH-506 Homeless Management Information System. However, BWS utilizes a federally recognized comparable data base in which participant’s information is stored and managed for federal reporting purposes. Nevertheless, BWS is highly committed to participating in Central Intake and taking all referrals for services. BWS has and will continue to collaboratively provide all programmatic information requested by the OH-506 HMIS administration within the federal regulations as a victim service provider. Based on BWS’s FY17 data, 691 individuals in the CoC received emergency shelter services due to their experiences with domestic violence, while only 133 individuals were served by the CoC funded Step III program that rapidly re-houses victims of domestic violence. This leaves an approximate 81% gap in domestic violence specific housing programming for individuals that may benefit from the housing first and trauma-informed services provided by the Step III program. Additionally, the Step III program has remained stagnate in funding and programmatic structure for approximately 8 years, which has not linearly followed the growth of bed capacity BWS has seen for its emergency domestic violence shelter.

1C-4d. Based on questions 1C-4b. and 1C-4c., applicant must:

- (1) describe the unmet need for housing and services for DV survivors, or if the CoC is applying for an SSO-CE project, describe how the current Coordinated Entry is inadequate to address the needs of DV survivors;**
 - (2) quantify the unmet need for housing and services for DV survivors;**
 - (3) describe the data source the CoC used to quantify the unmet need for housing and services for DV survivors; and**
 - (4) describe how the CoC determined the unmet need for housing and services for DV survivors.**
- (limit 3,000 characters)**

Quantitatively, based on the number of individuals served by Battered Women’s Shelter (BWS) as the singular domestic violence shelter and service provider for the geographic area of the OH-506 CoC, we believe there is currently a need to double the capacity of Rapid Re-housing programming for domestic violence specific survivors. This is based on the number of individuals served by the CoC’s current domestic violence specific rapid re-housing program (STEP III) that served 133 individuals in FY17 versus the 691 individuals that received emergency shelter from BWS for domestic violence. Additionally, by evaluating the outcome data provided of BWS, we know that approximately 66% of survivors who don’t utilize Step III for rapid re-housing assistance end up being served by non-CoC funded resources such as Prevention, Retention, Contingency (PRC) programming, religious affiliates (Catholic Charities) or end up transition temporarily with family/friends in a non-permanent residence. Additionally, this 66% of individuals are served in a less intensive capacity which greatly impacts their long-term outcomes and increase the likelihood that

they have a future need for emergency shelter. This lesser capacity can be outlined as involving shorter term financial assistance and minimal case management assistance or soft services. BWS as the OH-506 domestic violence service provider believes that the 66% of individuals being served else wise are missing a significant housing opportunity because they are being served outside of the trauma informed and housing first based rapid re-housing programming. The CoC has used aggregate data produced by BWS and their HMIS-comparable database to evaluate the unmet housing needs of domestic violence victims as well as how to improve the service delivered to victims and increase accessibility. There is a high level of confidence in the data based on BWS' continued collaboration with central intake and the CoC to work specifically with victims of domestic violence. The comparable database used by BWS is federally recognized and utilized by many domestic violence shelters in Ohio.

1C-4e. Applicants must describe how the DV Bonus project(s) being applied for will address the unmet needs of domestic violence survivors. (limit 2,000 characters)

The DV bonus project being applied for in our OH-506 CoC will be structured to perform as an additional or "expansion" project to the current Step III rapid rehousing program that is service victims of domestic violence in the CoC's geographic area. As described in the previous questions, this expansion is greatly needed and will aim to meet the unmet needs of domestic violence survivors by doubling the number of clients served by our current RRH program which means an additional approximate 130 individuals will be assisted with housing first and trauma-informed based rapid re-housing assistance. Using Motivational Interviewing skills, specially trained staff work with each victim to individualize their support service plan to address: housing identification, rent & move-in assistance, case management, immediate crisis, barriers, income, goals, strengths & resources to obtain/maintain PH. Grounded in the Housing First Model, this DV bonus project will be committed to providing RRH for victims & their children to remain together while removing barriers to housing & delivering services without preconditions (employment, sobriety, participation in wrap-around services, etc.). The requested funding will intentionally serve as an expansion to objectives currently being met by the Battered Women's Shelter 'Step III' Rapid Re-housing project. \$90,000 of funding will be spent to add two additional staff members which will include a full time Case manager who will work diligently to meet outlined permanent housing goals of serving double the number of households. The other staff member will include a full-time data analyst who will administrate and manage all incoming data for reporting purposes. Remaining funding will be spent directly on client services and temporary rental assistance.

1C-4f. Applicants must address the capacity of each project applicant applying for DV bonus projects to implement a DV Bonus project by describing:

- (1) rate of housing placement of DV survivors;**
- (2) rate of housing retention of DV survivors;**
- (3) improvements in safety of DV survivors; and**
- (4) how the project applicant addresses multiple barriers faced by DV survivors.**

(limit 4,000 characters)

The rate of housing placement of DV survivors, priority will be given to families fleeing DV who are experiencing CH. With a focus on serving each family in the context of their unique circumstances, an array of wrap-around services is offered in order for families to quickly exit homelessness & return to PH. Anticipated barriers to housing for participants include prior eviction histories, limited income and criminal histories. Many of the wrap-around services provided by the bonus project include financial empowerment, budgeting, legal advocacy, youth advocacy, housing location services, long term stability planning, and safety planning. The rate of housing placements of survivors will mirror the current STEP III program objectives (doubling RRH capacity). Case managers (CM) of the bonus project will work to rapidly re-house families within 30 days of becoming homeless & increase their access to employment & benefits. Some families may not require the full 12 months of support, allowing more families to be served. For rate of housing retention, 90% of bonus project participants will end up in a PH location before termination of programming occurs and will remaining in PH for at least 12 months. For improving the safety of the DV survivors the bonus project will serve, multiple evidence-based practice models will be used to both focus on safety and address multiple barriers DV survivors face. This project will be grounded in the Housing First Model (HFM) and is committed to providing RRH for survivors and their children. Families will remain together while removing barriers to housing and delivering services without preconditions. This program will ensure fidelity to Housing First principles by minimizing barriers, and is without pre-conditions for entry, such as, completion of a drug test, minimum income level, or employment. This program does not conduct background checks on its participants and would not deny a household entry for lack of state issued identification. The only prerequisite to entering this program is that the individual or family must be experiencing homelessness due to fleeing DV and are without other means to resolve their homelessness. Participants will not be terminated by not participating, or making progress, on their service plan. Case management sessions and other supportive services will be individualized and flexible based on the family's needs. This program will follow Promising Practices, Standards for DV Programs in best practices. This approach is proven to be effective in serving families experiencing DV as these services facilitate the spirit of empowerment by involving each survivor as the primary planner of their goals to achieve a violence-free life. Using the evidence-based Trauma Informed Care (TIC) model and Motivational Interviewing (MI) skills, specially trained staff will work with each family to individualize their support service plan to address: housing identification, rent and move-in assistance, case management, immediate crisis, barriers, income, goals, strengths and resources to obtain/maintain permanent housing. CM will assist participants in determining a plan based on the survivor's self-identified goals. Assessments are reviewed with the survivor in order to ensure that they understand the outcome and a plan is then set in place. Staff will discuss individualized safety plans with survivors that are survivor-driven and updated with each individual, as needed. This program ensures fidelity by recognizing trauma's impact on survivors across the state. These models facilitate growth, resilience, and healing from the traumas of DV while respecting each individual's dignity and integrity and working to resist re-traumatization. BWS's RRH Services Coordinator will be available to partners with technical assistance to ensure all programs are compliant with the HFM, utilizing MI skills, and are providing TIC.

1C-5. PHAs within CoC. Applicants must use the chart to provide information about each Public Housing Agency (PHA) in the CoC's geographic areas:

- (1) Identify the percentage of new admissions to the Public Housing or Housing Choice Voucher (HCV) Programs in the PHA who were experiencing homelessness at the time of admission;**
- (2) Indicate whether the PHA has a homeless admission preference in its Public Housing and/or HCV Program; and**
- (3) Indicate whether the CoC has a move on strategy. The information should be for Federal Fiscal Year 2017.**

| Public Housing Agency Name | % New Admissions into Public Housing and Housing Choice Voucher Program during FY 2017 who were experiencing homelessness at entry | PHA has General or Limited Homeless Preference | PHA has a Preference for current PSH program participants no longer needing intensive supportive services, e.g. move on? |
|----------------------------|--|--|--|
| AMHA | 6.97% | Yes-Both | Yes |
| | | | |
| | | | |
| | | | |
| | | | |

If you select "Yes--Public Housing," "Yes--HCV," or "Yes--Both" for "PHA has general or limited homeless preference," you must attach documentation of the preference from the PHA in order to receive credit.

1C-5a. For each PHA where there is not a homeless admission preference in their written policy, applicants must identify the steps the CoC has taken to encourage the PHA to adopt such a policy. (limit 2,000 characters)

N/A

1C-5b. Move On Strategy with Affordable Housing Providers. Does the CoC have a Move On strategy with affordable housing providers in its jurisdiction (e.g., multifamily assisted housing owners, PHAs, Low Income Tax Credit (LIHTC) developments, or local low-income housing programs)? Yes

Move On strategy description. (limit 2,000 characters)

The CoC is currently working to developing a Move On Strategy with our Affordable Housing Providers. Our plan is to provide a regular Housing Choice Voucher for individuals ready to move on from Shelter Plus Care, a permanent supportive housing program. As units become vacant through this strategy, PSH providers and CoCs should be prioritizing chronically homeless persons for placement even if units are not dedicated exclusively for use by this population. Most of our CoC PH provider have implemented their own Move On strategies to address those clients that no longer require intensive services to

move to other PH options. HM Life agency has a Caring Compass Protocol where they empower each tenant to navigate the housing process so they can move to other independent permanent housing as they choose.

1C-6. Addressing the Needs of Lesbian, Gay, Bisexual, Transgender (LGBT). Applicants must describe the actions the CoC has taken to address the needs of Lesbian, Gay, Bisexual, and Transgender individuals and their families experiencing homelessness. (limit 2,000 characters)

The CoC addresses the needs of LGBT individuals and families experiencing homelessness by requiring recipients and sub recipients to grant equal access to HUD funded programs, benefits, accommodations and services in accordance with an individual's gender identity, and in a manner that affords equal access to the individual's family. All projects are open to eligible individuals and families regardless of sexual orientation, gender identity, or marital status. A Cob project agency, Community AIDS Network/Akron Pride Initiative, whose mission in part is to advocate for the well-being of the LGBTQ communities participates and attends all CoC meetings. CANAPI is responsible for providing annual CoC-wide training on effectively implementing both the February 2012 Equal Access Rule and successful anti-discrimination policies and procedures. An annual review process of project recipients and sub recipient ensures all projects have policy level protections for LGBT individuals and families.

1C-6a. Anti-Discrimination Policy and Training. Applicants must indicate if the CoC implemented a CoC-wide anti-discrimination policy and conducted CoC-wide anti-discrimination training on the Equal Access Final Rule and the Gender Identity Final Rule.

| | |
|---|-----|
| 1. Did the CoC implement a CoC-wide anti-discrimination policy that applies to all projects regardless of funding source? | Yes |
| 2. Did the CoC conduct annual CoC-wide training with providers on how to effectively implement the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity (Equal Access Final Rule)? | Yes |
| 3. Did the CoC conduct annual CoC-wide training with providers on how to effectively implement Equal Access to Housing in HUD Programs in Accordance with an Individual's Gender Identity (Gender Identity Final Rule)? | Yes |

1C-7. Criminalization of Homelessness. Applicants must select the specific strategies the CoC implemented to prevent the criminalization of homelessness in the CoC's geographic area. Select all that apply.

| | |
|--|-------------------------------------|
| Engaged/educated local policymakers: | <input checked="" type="checkbox"/> |

| | <input type="checkbox"/> |
| | <input type="checkbox"/> |

1C-8. Centralized or Coordinated Assessment System. Applicants must:
(1) demonstrate the coordinated entry system covers the entire CoC geographic area;
(2) demonstrate the coordinated entry system reaches people who are least likely to apply homelessness assistance in the absence of special outreach;
(3) demonstrate the assessment process prioritizes people most in need of assistance and ensures they receive assistance in a timely manner; and
(4) attach CoC’s standard assessment tool.
(limit 2,000 characters)

OH-506 operates a Centralized Intake Hotline that can be accessed by the entire geographic area. Needs assessments and eligibility reviews are conducted via phone throughout the week. Callers are also offered immediate referral to shelter at any time. Additionally, a Housing assessment specialist keeps office hours at our community’s homeless outreach center enabling face to face assessment for consumers who come to the center. OH-506 coordinates activities of Street Outreach with Centralized Intake to insure that people in the woods or encamped are identified and engaged with housing opportunities. This includes specific outreach to the tent encampments in our community and immediate outreach to any newly discovered campsites. Additionally, OH-506 Central Intake communicates with our Youth homeless providers to engage their client with assessment and referral. Central Intake is also included in our 211 Information and referral database to increase access throughout the community. OH-506 utilizes a specific Vulnerability Index and Decision Assistance tool to determine and identify those homeless persons most in need of assistance. OH-506 Centralized Intake adheres to the standards established in CPD-17-01 and follows to the prioritization policy established by CPD-016-11 to prioritize our beds to those most in need with many barriers to housing. Accordingly, beds within our system are prioritized to serve Chronically Homeless and many providers utilize a Housing First model.

1D. Continuum of Care (CoC) Discharge Planning

Instructions:

For guidance on completing this application, please reference the FY 2018 CoC Application Detailed Instructions and the FY 2018 CoC Program Competition NOFA. Please submit technical questions to the HUD Exchange Ask A Question.

1D-1. Discharge Planning–State and Local. Applicants must indicate whether the CoC has a discharge policy to ensure persons discharged from the systems of care listed are not discharged directly to the streets, emergency shelters, or other homeless assistance programs. Check all that apply (note that when "None:" is selected no other system of care should be selected).

| | |
|--------------------------|----------------------------|
| Foster Care: | <input type="checkbox"/> X |
| Health Care: | <input type="checkbox"/> X |
| Mental Health Care: | <input type="checkbox"/> X |
| Correctional Facilities: | <input type="checkbox"/> X |
| None: | <input type="checkbox"/> |

1D-2. Discharge Planning Coordination. Applicants must indicate whether the CoC actively coordinates with the systems of care listed to ensure persons who have resided in them longer than 90 days are not discharged directly to the streets, emergency shelters, or other homeless assistance programs. Check all that apply (note that when "None:" is selected no other system of care should be selected).

| | |

| Foster Care: | <input type="checkbox"/> X |
| Health Care: | <input type="checkbox"/> X |
| Mental Health Care: | <input type="checkbox"/> X |
| Correctional Facilities: | <input type="checkbox"/> X |
| None: | <input type="checkbox"/> |

1E. Continuum of Care (CoC) Project Review, Ranking, and Selection

Instructions

For guidance on completing this application, please reference the FY 2018 CoC Application Detailed Instructions and the FY 2018 CoC Program Competition NOFA. Please submit technical questions to the HUD Exchange Ask A Question.

1E-1. Project Ranking and Selection. Applicants must indicate whether the CoC used the following to rank and select project applications for the FY 2018 CoC Program Competition:

- (1) objective criteria;**
- (2) at least one factor related to achieving positive housing outcomes;**
- (3) a specific method for evaluating projects submitted by victim services providers; and**
- (4) attach evidence that supports the process selected.**

| | |
|--|-----|
| Used Objective Criteria for Review, Rating, Ranking and Section | Yes |
| Included at least one factor related to achieving positive housing outcomes | Yes |
| Included a specific method for evaluating projects submitted by victim service providers | Yes |

1E-2. Severity of Needs and Vulnerabilities. Applicants must describe:

- (1) the specific severity of needs and vulnerabilities the CoC considered when reviewing, ranking, and rating projects; and**
- (2) how the CoC takes severity of needs and vulnerabilities into account during the review, rating, and ranking process.**

(limit 2,000 characters)

The CoC considers a range of measures in the review and ranking process. In total, there are 14 categories considered when ranking projects. Projects serving those with multiple barriers & vulnerabilities (i.e. CH, substance abuse, youth, families and, veterans) receive additional points on the scoring tool. The points awarded for the Housing first approach have doubled in 2018 from 2017. All projects are required to participate in Centralized Intake to assure projects are accepting referrals assessed and prioritized based on severity of needs. Points are awarded to those projects that reduce the length of time individuals and families remain homeless. Awarding extra points to projects in these areas assures that weight is given to projects with harder to serve populations. Permanent housing destinations are measured and awarded up to 15 points for those projects that have a 90% exits/retention rate or better.

1E-3. Public Postings. Applicants must indicate how the CoC made

public:

- (1) objective ranking and selection process the CoC used for all projects (new and renewal);**
- (2) CoC Consolidated Application—including the CoC Application, Priority Listings, and all projects accepted and ranked or rejected, which HUD required CoCs to post to their websites, or partners websites, at least 2 days before the CoC Program Competition application submission deadline; and**
- (3) attach documentation demonstrating the objective ranking, rating, and selections process and the final version of the completed CoC Consolidated Application, including the CoC Application with attachments, Priority Listing with reallocation forms and all project applications that were accepted and ranked, or rejected (new and renewal) was made publicly available, that legibly displays the date the CoC publicly posted the documents.**

| Public Posting of Objective Ranking and Selection Process | | Public Posting of CoC Consolidated Application including: CoC Application, Priority Listings, Project Listings | |
|---|-------------------------------------|--|-------------------------------------|
| CoC or other Website | <input checked="" type="checkbox"/> | CoC or other Website | <input checked="" type="checkbox"/> |
| Email | <input checked="" type="checkbox"/> | Email | <input checked="" type="checkbox"/> |
| Mail | <input type="checkbox"/> | Mail | <input type="checkbox"/> |
| Advertising in Local Newspaper(s) | <input type="checkbox"/> | Advertising in Local Newspaper(s) | <input type="checkbox"/> |
| Advertising on Radio or Television | <input type="checkbox"/> | Advertising on Radio or Television | <input type="checkbox"/> |
| Social Media (Twitter, Facebook, etc.) | <input type="checkbox"/> | Social Media (Twitter, Facebook, etc.) | <input type="checkbox"/> |

1E-4. Reallocation. Applicants must indicate whether the CoC has cumulatively reallocated at least 20 percent of the CoC’s ARD between the FY 2014 and FY 2018 CoC Program Competitions.

Reallocation: No

1E-4a. If the answer is “No” to question 1E-4, applicants must describe how the CoC actively reviews performance of existing CoC Program-funded projects to determine the viability of reallocating to create new high performing projects. (limit 2,000 characters)

The CoC has reallocated over a million dollars over the last 4 years. We only have 5 TH programs remaining in our CoC, which all serve special populations. Our Horizon House program and Transitions to Independences program are both two-year transitional housing program for single, homeless youth ages 18-24. Our Women’s Empowerment and Emerging Women’s programs both serve women with substance abuse, and our ACCESS II project serves women with

children. These 5 projects only make up 9% of our CoC ARD and have 39 out of 1340 beds in our continuum. The CoC has a review & ranking process that we do annually, where we evaluate all projects and bring in those projects for review that fall in the bottom 5. The CoC ranking and review committee provides constructive feedback to lower performing projects, may require a project to make changes to be more effective, put sanctions on lower performing projects or reallocate the dollars. In addition, our CoC Manager annually monitors all projects for compliance and performance outcomes.

1E-5. Local CoC Competition. Applicants must indicate whether the CoC:
(1) established a deadline for project applications that was no later than 30 days before the FY 2018 CoC Program Competition Application deadline—attachment required;
(2) rejected or reduced project application(s)—attachment required; and
(3) notify applicants that their project application(s) were being rejected or reduced, in writing, outside of e-snaps, at least 15 days before FY 2018 CoC Program Competition Application deadline—attachment required. :

| | |
|---|-----|
| (1) Did the CoC establish a deadline for project applications that was no later than 30 days before the FY 2018 CoC Program Competition Application deadline? Attachment required. | Yes |
| (2) If the CoC rejected or reduced project application(s), did the CoC notify applicants that their project application(s) were being rejected or reduced, in writing, outside of e-snaps, at least 15 days before FY 2018 CoC Program Competition Application deadline? Attachment required. | Yes |
| (3) Did the CoC notify applicants that their applications were accepted and ranked on the Priority Listing in writing outside of e-snaps, at least 15 before days of the FY 2018 CoC Program Competition Application deadline? | Yes |

2A. Homeless Management Information System (HMIS) Implementation

Intructions:

For guidance on completing this application, please reference the FY 2018 CoC Application Detailed Instructions and the FY 2018 CoC Program Competition NOFA. Please submit technical questions to the HUD Exchange Ask A Question.

2A-1. Roles and Responsibilities of the CoC and HMIS Lead. Does your CoC have in place a Governance Charter or other written documentation (e.g., MOU/MOA) that outlines the roles and responsibilities of the CoC and HMIS Lead? Attachment Required. Yes

2A-1a. Applicants must: 20-21
(1) provide the page number(s) where the roles and responsibilities of the CoC and HMIS Lead can be found in the attached document(s) referenced in 2A-1, and
(2) indicate the document type attached for question 2A-1 that includes roles and responsibilities of the CoC and HMIS Lead (e.g., Governance Charter, MOU/MOA).

2A-2. HMIS Policy and Procedures Manual. Does your CoC have a HMIS Policy and Procedures Manual? Attachment Required. Yes

2A-3. HMIS Vender. What is the name of the HMIS software vendor? Bowman Systems by Medware

2A-4. HMIS Implementation Coverage Area. Using the drop-down boxes, applicants must select the HMIS implementation Coverage area. Single CoC

2A-5. Bed Coverage Rate. Using 2018 HIC and HMIS data, applicants must report by project type:
(1) total number of beds in 2018 HIC;
(2) total beds dedicated for DV in the 2018 HIC; and

(3) total number of beds in HMIS.

| Project Type | Total Beds in 2018 HIC | Total Beds in HIC Dedicated for DV | Total Beds in HMIS | HMIS Bed Coverage Rate |
|---|------------------------|------------------------------------|--------------------|------------------------|
| Emergency Shelter (ES) beds | 285 | 68 | 217 | 100.00% |
| Safe Haven (SH) beds | 22 | 0 | 22 | 100.00% |
| Transitional Housing (TH) beds | 210 | 68 | 142 | 100.00% |
| Rapid Re-Housing (RRH) beds | 206 | 95 | 111 | 100.00% |
| Permanent Supportive Housing (PSH) beds | 617 | 0 | 542 | 87.84% |
| Other Permanent Housing (OPH) beds | 0 | 0 | 0 | |

2A-5a. To receive partial credit, if the bed coverage rate is 84.99 percent or lower for any of the project types in question 2A-5., applicants must provide clear steps on how the CoC intends to increase this percentage for each project type over the next 12 months. (limit 2,000 characters)

The CoC is committed to achieving 100% bed coverage rates for all project types. Our PSH beds are below 100% due to our HUD-VASH programs not entering data for those beds. We will continue to work with HUD-VASH program staff in an effort to increase the percentage for those PSH programs.

2A-6. AHAR Shells Submission: How many 2017 Annual Housing Assessment Report (AHAR) tables shells did HUD accept? 12

2A-7. CoC Data Submission in HDX. Applicants must enter the date the CoC submitted the 2018 Housing Inventory Count (HIC) data into the Homelessness Data Exchange (HDX). (mm/dd/yyyy) 04/30/2018

2B. Continuum of Care (CoC) Point-in-Time Count

Instructions:

For guidance on completing this application, please reference the FY 2018 CoC Application Detailed Instructions and the FY 2018 CoC Program Competition NOFA. Please submit technical questions to the HUD Exchange Ask A Question.

2B-1. PIT Count Date. Applicants must enter the date the CoC conducted its 2018 PIT count (mm/dd/yyyy). 01/30/2018

2B-2. HDX Submission Date. Applicants must enter the date the CoC submitted its PIT count data in HDX (mm/dd/yyyy). 04/30/2018

2C. Continuum of Care (CoC) Point-in-Time (PIT) Count: Methodologies

Instructions:

For guidance on completing this application, please reference the FY 2018 CoC Application Detailed Instructions and the FY 2018 CoC Program Competition NOFA. Please submit technical questions to the HUD Exchange Ask A Question.

**2C-1. Change in Sheltered PIT Count Implementation. Applicants must describe any change in the CoC’s sheltered PIT count implementation, including methodology and data quality changes from 2017 to 2018. Specifically, how those changes impacted the CoC’s sheltered PIT count results.
 (limit 2,000 characters)**

The CoC had more dedicated staff members assigned to manage all aspects of the count. There was an increase in coordination and effort to ensure all sheltered locations, were represented and supported in the PIT effort. Better counts were conducted at our Domestic Violence shelter where they had a 72 bed increase from 2017 to 2018. The Salvation Army is no longer offering shelter beds, reducing our inventory by 8 beds.

2C-2. Did your CoC change its provider coverage in the 2018 sheltered count? Yes

2C-2a. If “Yes” was selected in 2C-2, applicants must enter the number of beds that were added or removed in the 2018 sheltered PIT count.

| | |
|---------------|----|
| Beds Added: | 72 |
| Beds Removed: | 8 |
| Total: | 64 |

2C-3. Presidentially Declared Disaster Changes to Sheltered PIT Count. Did your CoC add or remove emergency shelter, transitional housing, or Safe Haven inventory because of funding specific to a Presidentially declared disaster, resulting in a change to the CoC’s 2018 sheltered PIT count? No

2C-3a. If “Yes” was selected for question 2C-3, applicants must enter the number of beds that were added or removed in 2018 because of a Presidentially declared disaster.

| | |
|---------------|---|
| Beds Added: | 0 |
| Beds Removed: | 0 |
| Total: | 0 |

2C-4. Changes in Unsheltered PIT Count Implementation. Did your CoC change its unsheltered PIT count implementation, including methodology and data quality changes from 2017 to 2018? If your CoC did not conduct an unsheltered PIT count in 2018, select Not Applicable. Yes

2C-4a. If “Yes” was selected for question 2C-4, applicants must:
(1) describe any change in the CoC’s unsheltered PIT count implementation, including methodology and data quality changes from 2017 to 2018; and
(2) specify how those changes impacted the CoC’s unsheltered PIT count results.
(limit 2,000 characters)

The CoC engaged persons with lived experience. Their expertise in engagement and location identification during the unsheltered count was invaluable. During our shelter count the CoC identified tent encampments throughout the city including one that housed over 30 tents. The PIT team conducted outreach to these locations on count day. As a result, our unsheltered count increased from 78 in 2017 to 133 in 2018. We believe that the centralized, larger, tent encampments allowed us to easily identify unsheltered homeless unlike previous years.

2C-5. Identifying Youth Experiencing Homelessness in 2018 PIT Count. Did your CoC implement specific measures to identify youth experiencing homelessness in its 2018 PIT count? Yes

2C-5a. If “Yes” was selected for question 2C-5., applicants must describe:
(1) how stakeholders serving youth experiencing homelessness were engaged during the planning process;
(2) how the CoC worked with stakeholders to select locations where youth experiencing homelessness are most likely to be identified; and
(3) how the CoC involved youth experiencing homelessness in counting during the 2018 PIT count.
(limit 2,000 characters)

During the PIT count we counted youth experiencing homelessness for the entire week. Collaboration was planned with our local schools, street Drop-In center for youth, and street outreach teams. In addition, our McKinney Vento liaison was heavily involved in the planning and execution of our youth count. Our Youth Advisory Board helped identify locations for our PIT team to do some outreach. Finally, the PIT team involved formerly homeless and those currently

experiencing homeless to contribute to our street count team.

2C-6. 2018 PIT Implementation. Applicants must describe actions the CoC implemented in its 2018 PIT count to better count:

- (1) individuals and families experiencing chronic homelessness;**
- (2) families with children experiencing homelessness; and**
- (3) Veterans experiencing homelessness.**

(limit 2,000 characters)

Specific tent outreach and work directly with street outreach to address those chronically homeless individuals. We also continued to host our by-name list for those chronically homeless individuals. We had more direct collaboration with staff at local shelters to identify those families with children to ensure we have them on our waiting list. We counted at the CRRC for veterans, we have the by-name list for veteran and we worked with HUD-VASH on count day to identify those veterans as well.

3A. Continuum of Care (CoC) System Performance

Instructions

For guidance on completing this application, please reference the FY 2018 CoC Application Detailed Instructions and the FY 2018 CoC Program Competition NOFA. Please submit technical questions to the HUD Exchange Ask A Question.

3A-1. First Time Homeless as Reported in HDX. In the box below, applicants must report the number of first-time homeless as reported in HDX.

| | |
|---|-------|
| Number of First Time Homeless as Reported in HDX. | 2,366 |
|---|-------|

3A-1a. Applicants must:

- (1) describe how the CoC determined which risk factors the CoC uses to identify persons becoming homeless for the first time;
- (2) describe the CoC’s strategy to address individuals and families at risk of becoming homeless; and
- (3) provide the name of the organization or position title that is responsible for overseeing the CoC’s strategy to reduce the number of individuals and families experiencing homelessness for the first time. (limit 2,000 characters)

Assessments conducted by our United Way, Central Intake staff, our CoC has found that ,individuals experiencing first time homelessness typically experience loss of income/employment, mental illness, substance abuse, parent ideology and domestic disputes. United Way operates both CoC Central Intake system and the 2-1-1 resource hotline, which allows our CoC to track data for those who are experiencing homelessness and those who request rental and/or utility assistance. Joe Scalise of United, HMIS, is responsible for reviewing the data of those experiencing first time homelessness and the CoC Board oversees the process.

3A-2. Length-of-Time Homeless as Reported in HDX. Applicants must:

- (1) provide the average length of time individuals and persons in families remained homeless (i.e., the number);
- (2) describe the CoC’s strategy to reduce the length-of-time individuals and persons in families remain homeless;
- (3) describe how the CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and
- (4) provide the name of the organization or position title that is responsible for overseeing the CoC’s strategy to reduce the length of time individuals and families remain homeless. (limit 2,000 characters)

The CoC reduced the LOT for individuals and families from 59 bed nights in FY16 to 54 bed nights in FY17, shown in metric 1(a)1.2. The CoC works closely with United Way to utilize HMIS data to track, record and reduce the LOT that

individuals and families are homeless. Service plans identify barriers to housing and employment and coordinate housing opportunities for individuals and families presently homeless. Partner agencies prioritize case management and RRH referrals for clients with the longest length of homelessness. The CoC continually reviews strategies and policies to reduce the length of time clients are in the homeless system, and have increased efforts to target those who have been homeless the longest. This includes a review of housing barriers and services, availability of safe and affordable housing, and continued partnerships with mainstream providers to leverage housing resources. Centralized Intake staff does a monthly review of the CoC waiting list and has a goal to get the top 20 VISPIDAT scored individuals housed within that month. The CoC Board is responsible for overseeing this strategy and the CoC Manager and Steering Committee work to execute the strategy.

3A-3. Successful Permanent Housing Placement and Retention as Reported in HDX. Applicants must:

- (1) provide the percentage of individuals and persons in families in emergency shelter, safe havens, transitional housing, and rapid rehousing that exit to permanent housing destinations; and**
- (2) provide the percentage of individuals and persons in families in permanent housing projects, other than rapid rehousing, that retain their permanent housing or exit to permanent housing destinations.**

| | Percentage |
|--|------------|
| Report the percentage of individuals and persons in families in emergency shelter, safe havens, transitional housing, and rapid re-housing that exit to permanent housing destinations as reported in HDX. | 34% |
| Report the percentage of individuals and persons in families in permanent housing projects, other than rapid re-housing, that retain their permanent housing or exit to permanent housing destinations as reported in HDX. | 95% |

3A-3a. Applicants must:

- (1) describe the CoC’s strategy to increase the rate at which individuals and persons in families in emergency shelter, safe havens, transitional housing and rapid rehousing exit to permanent housing destinations; and**
- (2) describe the CoC’s strategy to increase the rate at which individuals and persons in families in permanent housing projects, other than rapid rehousing, retain their permanent housing or exit to permanent housing destinations.**

(limit 2,000 characters)

The CoC increased the rate of persons who retained or were placed in permanent housing from 93% in FY16 to 95% in FY17 in metric 7b.2., and from 28% in FY16 to 34% in FY17 in metric 7b.1. Our primary shelter in summit county is faith based and doesn't have a compatible database to HMIS to document shelter exits. As a result, our reported increase in exits to PH is reported at a lower rate. The CoC continues to review the criteria on the ranking and review tool that measures retention of PH and PH destinations. We have increased the number of PH beds we have in our community, become more educated on tenant laws through collaboration with our local fair housing, and our RRH programs are collaborating with other providers to offer substance abuse treatment for our clients. CoC agencies are currently using HMIS data reports to track PH retention and destinations. The CoC Board is responsible for overseeing this strategy and the CoC Manager and Steering Committee

work to execute the strategy.

3A-4. Returns to Homelessness as Reported in HDX. Applicants must report the percentage of individuals and persons in families returning to homelessness over a 6- and 12-month period as reported in HDX.

| | Percentage |
|---|------------|
| Report the percentage of individuals and persons in families returning to homelessness over a 6- and 12-month period as reported in HDX | 4% |

3A-4a. Applicants must:

- (1) describe how the CoC identifies common factors of individuals and persons in families who return to homelessness;**
- (2) describe the CoC’s strategy to reduce the rate of additional returns to homelessness; and**
- (3) provide the name of the organization or position title that is responsible for overseeing the CoC’s strategy to reduce the rate individuals and persons in families returns to homelessness. (limit 2,000 characters)**

Return to Homelessness was 19% in FY16 and stayed at 19% in FY17. The CoC has adopted new strategies to reduce the number of individuals and families returning to homelessness: continued efforts within the CoC to focus on assessment tools to enhance prevention and diversion tools to increase housing stability; ongoing support of RRH programs; appropriate housing placement; increased and intensive aftercare case management opportunities after housing placement for clients with substance abuse/mental health concerns; homeless prevention strategies such as intervention and conflict resolution with landlords for clients with a pending eviction. CoC agencies currently use HMIS generated reports to track recidivism for all persons served by the CoC and exiting ES, RRH, TH, and PSH. We have also created a by-name list for our CH individuals, that we review and update on a monthly basis to assure we are housing those hardest to serve. Connections with mainstream resources enable clients to maintain housing stability. The CoC Manager and United Way, HMIS staff both execute the CoC's efforts to reduce the rate of returns for families and individuals to homelessness. The CoC Board oversees the strategy.

3A-5. Job and Income Growth. Applicants must:

- (1) describe the CoC’s strategy to increase access to employment and non-employment cash sources;**
- (2) describe how the CoC works with mainstream employment organizations to help individuals and families increase their cash income; and**
- (3) provide the organization name or position title that is responsible for overseeing the CoC’s strategy to increase job and income growth from employment. (limit 2,000 characters)**

The CoC collaborates with Ohio Department of Job and Family Services to increase access to employments services. Our CoC partner agencies internally have employment services and work with organizations to connect clients to

resources to increase income such as, services at Ohio Means Jobs Summit County, the SOAR program, and the Benefits Bank. Our Wages Pathways program focuses on youth 16-24, helps them find employment, earn higher wages, and gains skills for a career in one Ohio's in demand industries. The Community Resource Exchange, organized by AMHA, is to share information, network, collaborate, and problem solve with various organizations throughout the community. At these quarterly meetings, different speakers are invited to share information, which include a focus on educational and employment opportunities. The CoC has also partnered with United Way to send participants through the financial empowerment program, to get assistance with financial planning and budgeting.

3A-6. System Performance Measures Data 05/31/2018
Submission in HDX. Applicants must enter
the date the CoC submitted the System
Performance Measures data in HDX, which
included the data quality section for FY 2017
(mm/dd/yyyy)

3B. Continuum of Care (CoC) Performance and Strategic Planning Objectives

Instructions

For guidance on completing this application, please reference the FY 2018 CoC Application Detailed Instructions and the FY 2018 CoC Program Competition NOFA. Please submit technical questions to the HUD Exchange Ask A Question.

- 3B-1. DedicatedPLUS and Chronically Homeless Beds. In the boxes below, applicants must enter:**
- (1) total number of beds in the Project Application(s) that are designated as DedicatedPLUS beds; and**
 - (2) total number of beds in the Project Application(s) that are designated for the chronically homeless, which does not include those that were identified in (1) above as DedicatedPLUS Beds.**

| | |
|--|------------|
| Total number of beds dedicated as DedicatedPLUS | 0 |
| Total number of beds dedicated to individuals and families experiencing chronic homelessness | 275 |
| Total | 275 |

3B-2. Orders of Priority. Did the CoC adopt the Orders of Priority into their written standards for all CoC Program-funded PSH projects as described in Notice CPD-16-11: Prioritizing Persons Experiencing Chronic Homelessness and Other Vulnerable Homeless Persons in Permanent Supportive Housing? Attachment Required. Yes

3B-2.1. Prioritizing Households with Children. Using the following chart, applicants must check all that apply to indicate the factor(s) the CoC currently uses to prioritize households with children during FY 2018.

| | |
|--|-------------------------------------|
| History of or Vulnerability to Victimization (e.g. domestic violence, sexual assault, childhood abuse) | <input checked="" type="checkbox"/> |
| Number of previous homeless episodes | <input checked="" type="checkbox"/> |
| Unsheltered homelessness | <input checked="" type="checkbox"/> |
| Criminal History | <input checked="" type="checkbox"/> |
| Bad credit or rental history | <input checked="" type="checkbox"/> |
| Head of Household with Mental/Physical Disability | <input checked="" type="checkbox"/> |

3B-2.2. Applicants must:

- (1) describe the CoC’s current strategy to rapidly rehouse every household of families with children within 30 days of becoming homeless;**
 - (2) describe how the CoC addresses both housing and service needs to ensure families successfully maintain their housing once assistance ends; and**
 - (3) provide the organization name or position title responsible for overseeing the CoCs strategy to rapidly rehouse families with children within 30 days of becoming homeless.**
- (limit 2,000 characters)**

Our Centralized Intake staff use a VI-SPDAT tool to quickly assess identify level of vulnerability and prioritize a family for RRH as appropriate. All RRH projects for families are low barrier and housing first. Central Intake manages the wait list for our two family shelters, Family promise and ACCESS and referrals are made into RRH when clients enter in shelter. Participating shelters limit stay to 30 days, thus the shelters and RRH providers work concurrently to locate housing and make connections to mainstream resources, so that clients can successfully maintain their housing when assistance is finalized. United Way of summit county operates both centralized intake and RRH allowing for a seamless process from identification to shelter to placement in housing. In addition United Way collaborates with all CoC partners providing RRH to ensure capacity to serve families in the shelter system. Our RRH programs recruit and engage landlords/property owners and are actively involved in the family’s housing search and placement. Families are encouraged to search for the most affordable housing options available and are given choice in their placement. RRH programs connect families to mainstream services and resources and follow up with households for at least one year after the program’s assistance ends to make sure that they remains housed. The CoC Steering Committee and United Way staff are responsible for executing this strategy. The CoC Board oversees this strategy.

3B-2.3. Antidiscrimination Policies. Applicants must check all that apply that describe actions the CoC is taking to ensure providers (including emergency shelter, transitional housing, and permanent supportive housing (PSH and RRH) within the CoC adhere to antidiscrimination policies by not denying admission to or separating any family members from other members of their family or caregivers based on age, sex, gender, LGBT status, marital status, or disability when entering a shelter or housing.

| | |
|---|-------------------------------------|
| CoC conducts mandatory training for all CoC and ESG funded service providers on these topics. | <input checked="" type="checkbox"/> |
| CoC conducts optional training for all CoC and ESG funded service providers on these topics. | <input type="checkbox"/> |
| CoC has worked with ESG recipient(s) to adopt uniform anti-discrimination policies for all subrecipients. | <input checked="" type="checkbox"/> |
| CoC has worked with ESG recipient(s) to identify both CoC and ESG funded facilities within the CoC geographic area that may be out of compliance, and taken steps to work directly with those facilities to come into compliance. | <input type="checkbox"/> |
| CoC has sought assistance from HUD through submitting AAQs or requesting TA to resolve non-compliance of service providers. | <input type="checkbox"/> |

3B-2.4. Strategy for Addressing Needs of Unaccompanied Youth Experiencing Homelessness. Applicants must indicate whether the CoC's strategy to address the unique needs of unaccompanied homeless youth includes the following:

| | |
|---|-----|
| Human trafficking and other forms of exploitation | Yes |
| LGBT youth homelessness | Yes |
| Exits from foster care into homelessness | Yes |
| Family reunification and community engagement | Yes |
| Positive Youth Development, Trauma Informed Care, and the use of Risk and Protective Factors in assessing youth housing and service needs | Yes |

3B-2.5. Prioritizing Unaccompanied Youth Experiencing Homelessness Based on Needs. Applicants must check all that apply from the list below that describes the CoC's current strategy to prioritize unaccompanied youth based on their needs.

| | |
|--|-------------------------------------|
| History or Vulnerability to Victimization (e.g., domestic violence, sexual assault, childhood abuse) | <input checked="" type="checkbox"/> |
| Number of Previous Homeless Episodes | <input checked="" type="checkbox"/> |
| Unsheltered Homelessness | <input checked="" type="checkbox"/> |
| Criminal History | <input checked="" type="checkbox"/> |
| Bad Credit or Rental History | <input checked="" type="checkbox"/> |

**3B-2.6. Applicants must describe the CoC's strategy to increase:
 (1) housing and services for all youth experiencing homelessness by providing new resources or more effectively using existing resources, including securing additional funding; and
 (2) availability of housing and services for youth experiencing unsheltered homelessness by providing new resources or more effectively using existing resources.
 (limit 3,000 characters)**

Summit County Children Services facilitates two HUD grants specifically targeting youth who have emancipated from foster care. The transitional housing program, "Transitions to Independence" provides a rent free apartment to emancipated youth for up to two years. The rapid re-housing program, "Home for Foster Youth" provides scattered site rental assistance to youth and their children for up to one year. Our Bridges Program through Ohio Department of Jobs and Family Services and Family Health Collaborative of Ohio is focused on young adults who leave foster care between ages 18-21 and help them transition into adulthood. Our Horizon House TH program for single youth ages 18-24 helps youth work towards self-sufficiency and attain PH. Summit County Children Services has had a working relationship with Akron Metropolitan Housing Authority for several years, in which emancipated youth are afforded preference points when they apply for housing, thus significantly shortening their time on the waiting list. SCCS also recently collaborated with AMHA and

the CoC to apply for the Family Unification Program funding through HUD to further expand similar opportunities for emancipated youth.

3B-2.6a. Applicants must:

(1) provide evidence the CoC uses to measure both strategies in question 3B-2.6. to increase the availability of housing and services for youth experiencing homelessness;

(2) describe the measure(s) the CoC uses to calculate the effectiveness of the strategies; and

(3) describe why the CoC believes the measure it uses is an appropriate way to determine the effectiveness of the CoC’s strategies.

(limit 3,000 characters)

The CoC is conducting a youth needs assessment to identify key information that will assist us in increasing the availability of housing and services for youth experiencing homelessness. Our CoC youth Summit Up workgroup meets monthly with other interested agencies that target youth to develop the assessment tool. Our Youth Advisory Board meets monthly to discuss barriers to housing, resources they find useful and what the CoC could do to better assist our youth population. Implementing this youth assessment tool will help the CoC identify vital information, allow us the opportunity to reassess our programs and make the appropriate changes to more effectively utilize resources.

3B-2.7. Collaboration–Education Services. Applicants must describe how the CoC collaborates with:

(1) youth education providers;

(2) McKinney-Vento State Education Agency (SEA) and Local Education Agency (LEA);

(3) school districts; and

(4) the formal partnerships with (1) through (3) above.

(limit 2,000 characters)

The CoC collaborates closely with local youth education providers and community groups focused on youth education. Through our Summit Up Youth Task Force, we hold ongoing meetings to address the needs of homeless and unaccompanied youth. This task force consists of many representatives from several local agencies including Project Rise (Akron Public Schools, a McKinney Vento Sub-Grant recipient.) As part of the Summit Up Youth Task Force, we have a designated Youth Advisory Board comprised of local teens who have experienced homelessness. Project Rise is represented on the Summit Up Youth Task Force and participates in other various CoC trainings and functions. Project Rise is a collaborative effort by Akron Public Schools, local shelters, and the community, who receives a McKinney Vento Sub-Grant which is facilitated by the Ohio Department of Education. The main purpose is to remove barriers to the educational process and success of students who have lost their housing due to hardship. This is accomplished through three components: Legal interpretation and implementation of McKinney-Vento Law in the district and community, Educational and enrichment programs for students and parents, Social services to help the family or youth identify and locate needed resources to improve the quality of their life while going through homelessness. Project Rise serves students in the Akron area. Integration

within the district occurs at various levels, as evidenced by cooperation, communication, and collaboration between Project Rise and the following: transportation services; attendance teams; student services; special education for all assessment coordination; and information management for digital school records. We also work closely with all departments to provide district professional development. The goal is to work in alignment with Akron Public Schools Strategic Plan and Continuous Improvement Plan towards the educational success of students experiencing homelessness.

3B-2.7a. Applicants must describe the policies and procedures the CoC adopted to inform individuals and families who become homeless of their eligibility for education services. (limit 2,000 characters)

Individuals and families experiencing homelessness and engaging in services within the CoC are informed of their right to access education and are connected with the local McKinney-Vento Homeless liaison. When a family is identified as McKinney Vento eligible and complete an intake with their case managers, they receive a parent pack with a Project Rise Parent Eligibility letter and other resources. The letter includes information about their educational rights as McKinney Vento eligible students. The McKinney-Vento liaison sits down with all the mothers and discuss education needs and develop a case plan for the child/children. If a child needs to be enrolled in school, the liaison assist them with enrollment. If a child/children needs uniforms or school supplies, we provide these items or provide them resources. If children need transportation to school, we coordinate transportation with Project Rise.

3B-2.8. Does the CoC have written formal agreements, MOU/MOAs or partnerships with one or more providers of early childhood services and supports? Select “Yes” or “No”. Applicants must select “Yes” or “No”, from the list below, if the CoC has written formal agreements, MOU/MOA’s or partnerships with providers of early childhood services and support.

| | MOU/MOA | Other Formal Agreement |
|---------------------------------|---------|------------------------|
| Early Childhood Providers | No | Yes |
| Head Start | No | Yes |
| Early Head Start | No | Yes |
| Child Care and Development Fund | No | No |
| Federal Home Visiting Program | No | No |
| Healthy Start | No | Yes |
| Public Pre-K | No | Yes |
| Birth to 3 years | No | Yes |
| Tribal Home Visting Program | No | No |
| Other: (limit 50 characters) | | |
| Family First | No | Yes |
| Project Rise | No | Yes |

3B-3.1. Veterans Experiencing Homelessness. Applicants must describe the actions the CoC has taken to identify, assess, and refer Veterans

**experiencing homelessness, who are eligible for U.S. Department of Veterans Affairs (VA) housing and services, to appropriate resources such as HUD-VASH, Supportive Services for Veterans Families (SSVF) program and Grant and Per Diem (GPD).
(limit 2,000 characters)**

Summit County is one of 31 communities in the United States to have a VA Community Referral Resource Center (CRRC). The CRRC in Summit County is collocated with The Homeless Outreach and Intake Center of Summit County. The CRRC is a VA run facility that is dedicated to serving homeless Veterans. The Homeless Outreach and Intake Center serves as a drop in facility that offers showers, laundry, and other basic needs. This facility also supports the PATH team. Summit County conducts more than 200 hours of street outreach, part of the engagement process is to inquire about military experience. Additionally, individuals who call the homeless hotline are asked about military experience. All individuals who answer yes to this question are reviewed with VA staff at the CRRC to determine eligibility. Those individuals who are identified as Veterans are then added to the by name homeless Veteran list. At this point Veterans are able to move rapidly through the homeless system to one of the programs operated by CoC members. Some of the programs specific to Veterans are: VA Safe Haven, GPD, SSVF, project based HUD VASH, and Scattered site HUD VASH. The Veteran is then referred to the program that best meets their wants and needs and housing is continuously pursued until it is obtained. This process enabled Summit County to achieve functional zero for Veteran Homelessness in 2017.

3B-3.2. Does the CoC use an active list or by name list to identify all Veterans experiencing homelessness in the CoC? Yes

3B-3.3. Is the CoC actively working with the VA and VA-funded programs to achieve the benchmarks and criteria for ending Veteran homelessness? Yes

3B-3.4. Does the CoC have sufficient resources to ensure each Veteran experiencing homelessness is assisted to quickly move into permanent housing using a Housing First approach? Yes

3B-5. Racial Disparity. Applicants must: No
(1) indicate whether the CoC assessed whether there are racial disparities in the provision or outcome of homeless assistance;
(2) if the CoC conducted an assessment, attach a copy of the summary.

4A. Continuum of Care (CoC) Accessing Mainstream Benefits and Additional Policies

Instructions:

For guidance on completing this application, please reference the FY 2018 CoC Application Detailed Instructions and the FY 2018 CoC Program Competition NOFA. Please submit technical questions to the HUD Exchange Ask A Question.

- 4A-1. Healthcare. Applicants must indicate, for each type of healthcare listed below, whether the CoC:**
- (1) assists persons experiencing homelessness with enrolling in health insurance; and**
 - (2) assists persons experiencing homelessness with effectively utilizing Medicaid and other benefits.**

| Type of Health Care | Assist with Enrollment | Assist with Utilization of Benefits? |
|--|------------------------|--------------------------------------|
| Public Health Care Benefits (State or Federal benefits, Medicaid, Indian Health Services) | Yes | Yes |
| Private Insurers: | Yes | Yes |
| Non-Profit, Philanthropic: | Yes | Yes |
| Other: (limit 50 characters) | | |
| | | |

- 4A-1a. Mainstream Benefits. Applicants must:**
- (1) describe how the CoC works with mainstream programs that assist persons experiencing homelessness to apply for and receive mainstream benefits;**
 - (2) describe how the CoC systematically keeps program staff up-to-date regarding mainstream resources available for persons experiencing homelessness (e.g., Food Stamps, SSI, TANF, substance abuse programs); and**
 - (3) provide the name of the organization or position title that is responsible for overseeing the CoC’s strategy for mainstream benefits. (limit 2,000 characters)**

Several OH-506 CoC members work directly with mainstream programs that assist persons experiencing homelessness with applying for various types of public assistance and benefits. For example, United Way of Summit County and Battered Women’s Shelter both hold annual contracts for Prevention, Retention, and Contingency (PRC), which is funded by title XX/TANF dollars and directly helps individuals of the community experiencing homelessness with housing assistance, prevention assistance, transportation, and food assistance. Additionally, by having CoC partners with these contracts, the CoC is able to have liaisons within the Summit County Department of Job and Family Services (SCDJFS) which are able to expedite applications for assistance options such as Food Stamps, Healthcare, OWF/TANF, etc. This fluid communication

between OH-506 CoC and the Summit County Department of Job and Family services allows CoC partners to have the latest information on the availability of mainstream benefits in the community. Examples of the information communicated include, changes to SNAP food assistance programming, start and ends dates of seasonal energy assistance, and the average processing times of PRC/TANF applications. Several CoC partners also have specialized benefits staff to help those who are experiencing homelessness with expediting SSI/SSDI applications through SOAR to assist with increasing income for those who have applicable need and flow through the CoC as a system. United Way of Summit County is the lead organization that often oversees the CoC's strategy and utilization for mainstream benefits as it operates central intake for community partners and the homeless hotline for individuals needing to access resources in our community.

4A-2.Housing First: Applicants must report:

- (1) total number of new and renewal CoC Program Funded PSH, RRH, SSO non-coordinated entry, Safe-Haven, and Transitional Housing projects the CoC is applying for in FY 2018 CoC Program Competition; and**
- (2) total number of new and renewal CoC Program Funded PSH, RRH, SSO non-coordinated entry, Safe-Haven, and Transitional Housing projects the CoC is applying for in FY 2018 CoC Program Competition that have adopted the Housing First approach—meaning that the project quickly houses clients without preconditions or service participation requirements.**

| | |
|--|-----|
| Total number of new and renewal CoC Program Funded PSH, RRH, SSO non-coordinated entry, Safe-Haven, and Transitional Housing projects the CoC is applying for in FY 2018 CoC Program Competition. | 32 |
| Total number of new and renewal CoC Program Funded PSH, RRH, SSO non-coordinated entry, Safe-Haven, and Transitional Housing projects the CoC is applying for in FY 2018 CoC Program Competition that have adopted the Housing First approach—meaning that the project quickly houses clients without preconditions or service participation requirements. | 30 |
| Percentage of new and renewal PSH, RRH, Safe-Haven, SSO non-Coordinated Entry projects in the FY 2018 CoC Program Competition that will be designated as Housing First. | 94% |

4A-3. Street Outreach. Applicants must:

- (1) describe the CoC's outreach;**
- (2) state whether the CoC's Street Outreach covers 100 percent of the CoC's geographic area;**
- (3) describe how often the CoC conducts street outreach; and**
- (4) describe how the CoC tailored its street outreach to persons experiencing homelessness who are least likely to request assistance. (limit 2,000 characters)**

The CoC covers all of Summit County, although street outreach is not required for the northern portion of the county due to very low numbers and sparse resources. We do receive referrals from the entirety of Summit County. Community Support Services conducted weekly street outreach in excess of 500 hours last year alone. Much of this outreach is conducted during off hours in locations where homeless people gather; in the woods, in parking decks, at meal-sites, at shelters and at local libraries. Street outreach includes not only PATH/SSVF workers, but also community leaders/members and other providers. Recently, the team has been outreaching in Barberton with the Director of City Planning and the Chief of Police to identify clandestine urban

camping spots. Chronically homeless and those who won't engage through traditional means are prioritized and are seen regularly. Homeless Outreach is well known to community members (law enforcement, downtown ambassadors, other providers, first responders, and the homeless community in general) and is the contact of choice for engaging complex clients with significant barriers to housing. Homeless trends gathered from HMIS data, referral sources, and the homeless themselves drive the decisions regarding where and how outreach is conducted.

4A-4. Affirmative Outreach. Applicants must describe:

(1) the specific strategy the CoC implemented that furthers fair housing as detailed in 24 CFR 578.93(c) used to market housing and supportive services to eligible persons regardless of race, color, national origin, religion, sex, gender identify, sexual orientation, age, familial status or disability; and

(2) how the CoC communicated effectively with persons with disabilities and limited English proficiency fair housing strategy in (1) above. (limit 2,000 characters)

The CoC has implemented strategies to affirmatively further fair housing such as: Annually verifying providers have an active anti-discrimination policy that includes all persons under CFR 578.93(c); assessments that address specific client needs through the Centralized Intake process, and trainings provided by our local fair housing members to keep the CoC informed about fair housing practices. Additionally, agencies in the CoC are required to have Affirmative Fair Housing Marketing and Resident Selection Plans that apply to the full spectrum of activities that culminate with occupancy, including but not limited to means and methods of outreach and marketing through to the qualification and selection of residents. All AFHMP plans must, at a minimum, meet the standards set forth by HUD. The CoC provides all participants with any type of disability, reasonable assistance, at no cost, so that applicants with limited capabilities may apply and have access to equal opportunities.

4A-5. RRH Beds as Reported in the HIC. Applicants must report the total number of rapid rehousing beds available to serve all household types as reported in the Housing Inventory Count (HIC) for 2017 and 2018.

| | 2017 | 2018 | Difference |
|--|------|------|------------|
| RRH beds available to serve all populations in the HIC | 207 | 206 | -1 |

4A-6. Rehabilitation or New Construction Costs. Are new proposed project applications requesting \$200,000 or more in funding for housing rehabilitation or new construction? No

4A-7. Homeless under Other Federal Statutes. Is the CoC requesting to designate one or more of its SSO or TH projects to serve families with children or youth defined as No

homeless under other Federal statutes?

4B. Attachments
